

Safepak SAFESEAL® A4 tamper evident bag

A multi-purpose single use bag for a whole range of applications, from secure document transportation to cash movement and storage, featuring:

Excellent tamper evident closure, resistant to all known methods of attack so that once the bag is sealed, any attempts to pilfer the contents, will be immediately evident.

Tough security plastic film for maximum tear and impact resistance, ensuring contents remain secure and protected inside the bag.

High strength side seals give extra strength and tamper evidence.

Easy-fill mouth configuration makes the bag easy to use.

Track and Trace, unique bag numbering provides a chain of evidence and a detachable receipt portion allows easy traceability.

Clear instructions on what to do if the bag has been tampered.

SAFESEAL® bags are **100% recyclable**.

SUGGESTED APPLICATIONS:

Government departments – exam papers, sensitive security documents, prison/police property and testing authorities.

Transit companies, bus, train, taxi and airports.

Barristers and solicitors, legal documents

Banks, building societies, insurance companies, financial organisations – safe custody, travellers cheques/currency and policy documents.

Secure carriers/couriers.
