

# KeepSafe® Gold

## Security Bags by Sealed Air Corporation

A Full Line of High-Efficiency Deposit Bag Products with the Industry's Most Secure Closure and Quality Bag Construction.

# Sealed Air Security Products

## Keepsafe® Gold Deposit Bags

High-tech tamper-evidence technology for **high risk** applications, backed by total system support. All KeepSafe® Gold deposit bags feature easy-to-use, in-line closure seals that provide the highest degree of security against mechanical, thermal and chemical based tampering. Once closed, unauthorized attempts to break the seal will cause highly visible signals to be activated.

KeepSafe® Gold products also include a high-resolution bar code. The products are exceptionally easy to use, durable, and versatile. And, they are backed by Sealed Air's full service support and training programs. Highlights include:

- The most effective, efficient and secure way to handle cash and cheques.
- Quality products and services custom tailored to meet your needs.
- Complimentary Value/Cost Analysis service.
- Process Engineering expertise and international experience to help ensure program success.
- Standardised global products.

## KeepSafe® Gold Products are Ideal for:

- Over-the counter deposits, post verified
- Day/Night drop deposits
- Direct to vault deposits
- Direct to branch deposits
- Armoured carrier deposits
- Business ATM

## Availability:

KeepSafe® Gold products are available in sizes ranging from 120x200mm to 450 x 850mm in two styles: Single pouch and vertical twin packs.

Single Pouch

Vertical Twin Packs
